Friday 15th November 2013

Dear Parents/Guardians,

With the approval of the Board of Management, our **Parent Teacher** meetings will take place on **Wednesday 20th & Thursday 21st November 2013.**

Please note that school will close at 2.15pm on both days. The Parent Teacher Meeting will be held in the Assembly Hall. Please enter the school building using the main entrance. Children should not attend the meeting with their parents. **To get the best from this meeting we have arranged a timetable for parents to speak with teachers.** The timetable is a little complicated in that times have been given for parents to speak with the class teacher, literacy teacher, numeracy teacher and support teacher where relevant. Please check that your child has been given a time with each teacher as relevant and if you spot an error please let our secretary Helen know.

Before the meeting we ask you to think about the following:

- Questions you wish to ask the teacher; **information you want to share**; concerns if any, you may have; what you consider your child's strengths are ...academically, personally and socially? How can the school capitalise on these strengths?
- How do you consider your child is getting on with the teacher?
- How do you consider your child is getting on with classmates?
- How your child gets on with brothers, sisters & parents at home?
- How do you feel your child is progressing in class?
- What are your child's weak areas in subjects?
- How could the home and school work together to improve the situation?
- Are there any other problems for your child in school/the classroom?
- How is your child coping with homework?
- Are there any health, physical, domestic, or other problems, which might interfere with your child's learning?

Sincerely,

(Principal)
