26th February 2013

Dear Parents,

Thank you for returning the recent survey on what is working well in the school. [The results can be seen on our school's website.](#) It is obvious that the majority of what we are doing is good and valued by staff, parents and pupils alike. It was an important step to acknowledge and recognise our successes before we look at what we might need to fine tune.

However, only looking at what is working well will not bring about changes which might better the teaching and learning in the school. So now we ask for your opinions on what we need to change or perhaps introduce for the first time.

Please think about what we do and how we might change it to make it better. If you think something needs changing please tell us how we might do that. If you know of something done in a primary school elsewhere (Ireland or abroad) which might work well in our school please let us know. We don't mind taking someone else's good ideas! Even though we may not be in a position to introduce the idea immediately perhaps it could be planned for in the coming months & years.

Please complete the attached survey and return it to the school before Friday March 8th 2013. If you did not return the first survey yet on what is working well, it is not too late to do so! We can still add your comments to our website. *Please note that you may complete the questionnaire anonymously and that all individual responses will be treated confidentially.*

Sincerely,

Principal
